MEMORANDUM FOR: Chairman, Low Intensity Conflict Working Group
FROM: [REDACTED]
Co-Chairman, LIC Intelligence Working Group
SUBJECT: LIC Country Data

1. Attached is the LIC Country data developed under the auspices of the LIC Intelligence Working Group which is submitted for your distribution to members of the LIC Working Group. Data reflects the consolidated views of Department of State (INR), Defense Intelligence Agency, and Central Intelligence Agency country analysts regarding the current and projected LIC characteristics of the ten countries forwarded in Tab B, Part I of your 19 May 1988 memorandum. [REDACTED]

2. The information provided has purposely been restricted to a LIC focus and therefore does not represent the more comprehensive Intelligence Community topical analyses normally associated with an NFIB approved document such as a National Intelligence Estimate. Follow-up LIC Working Group activity to compile and merge data on US foreign policy interests toward each country and steps currently being taken or programmed for security assistance, economic assistance, and business aid should provide a benchmark document for LIC Board deliberations.
